

# The PKU Pantry

**Come discover a variety of delicious and convenient PKU-friendly food options and learn more about nutrition**

A low-Phe diet *can* be delicious! Not knowing which foods are low-Phe can make finding healthy options difficult. The PKU Pantry is a tabletop display designed to educate you on the low-Phe and PKU-friendly food choices that are available at your local grocery store. Your BioMarin representative will also have useful resources for PKU management, including:

- Take-home low-protein food lists and seasonal recipe ideas
- Nutrition tips
- Resources focused on the importance of keeping blood Phe levels low and stable
- Information on important PKU expert guidelines

## WHEN
